

11

You sell your old bike, give it to charity or take it to the recycling centre. MOVE FORWARD ONE SPACE

12

13 You collect old ice-cream containers and plastic trays and take them to school for art. ROLL AGAIN

14 You leave your left over lunch on the ground in a plastic bag and it blows away. MISS A TURN

15 You make a piece of art out of things that usually go in the bin. MOVE FORWARD TWO SPACES

16

17

18 You and dad call the council to find out where to take containers containing dangerous pool and garden chemicals. You know they don't go in your green and yellow bin. MOVE FORWARD TWO SPACES

19 You go shopping for clothes and put your purchases into one reusable bag. MOVE FORWARD TWO SPACES

20

21 You always buy new clothes when shopping can be just as good and more fun! MISS ONE TURN

10

9 You tell a parent to recycle their old computer, not throw it out on the verge or in the bin. MOVE FORWARD THREE SPACES

8 You take your own reusable shopping bags. ROLL AGAIN

7 You start a worm farm or compost bin at home. ROLL AGAIN

6

5 You ask for your take away food NOT to be put in a bag. MOVE FORWARD ONE SPACE

4

3 You ask a parent to buy snacks in little individual packs. Too much packaging. GO BACK TWO SPACES

2 You take lunch in a reusable container. ROLL AGAIN

Start Here

FINISH Well done, you have helped to care for the environment.

# RECYCLING GAME

Take the journey around the board and face a series of everyday challenges important to Reducing, Reusing and Recycling.

- Each player chooses one of the recyclable items as a token then rolls the dice.
- Highest number starts.
- Move forward by doing the positive things for the environment and be set back by doing the negative things.

Be game to Reduce, Reuse, Recycle and Dispose Wisely!
