

South Metro Regional Network

Tuesday 25 March 2025
3.45pm – 5.30pm
Canning River Eco Education Centre,
Wilson, Canning

Supporting Education for Sustainability in School Communities

3.45pm: Informal Networking

Time for a cuppa...

4.00 pm: Acknowledgment of Country

4.05 pm SeaWeek Special Presentation

Marine Waters - Jessamy Bennett from DPIRD Fisheries, will deliver a Marine Education presentation about the Marine Waters online resources available for schools and the Ocean Literacy Principles (OLPs). Explore hands on activities to share with your class to better understand climate science of the ocean.

Learn how to link these resources to your existing curriculum in primary and secondary schools. Great opportunities to STEAM ahead with an Oceans focus.

Free SeaWeek Posters and competitions for OLP#3 can be found at www.aee.org/seaweeek/.

4.45 pm

Little Green Steps WA presents ocean activities for early years children. Explore hands on activities that can be linked to the Early Years Learning Framework and F- Yr. 3 WA Curriculum.

5.10 pm

What's happening in your school? Successes and challenges?

5.30 pm Finish

To register, please follow the link: [Events Calendar - Event Details](#) (for Public School teachers).

Other staff and sustainability champions **RSVP info@aaeewa.org.au**

Hope you can join us and here is a link to CREEC if you have not been before.
